

## Multi Kinase Array Order Form

Please provide this form with your purchase order for Multi-Kinase Arrays

Name:	
Institution:	
Telephone No.:	
Email Address:	
Date of Order:	
Purchase Order No: (or other order reference)	
End User: (if not same as above)	

You have the flexibility to choose which kinase assays to include on the microtiter plate when ordering a Multi-Kinase ELISA Kit. The plate contains 12 individual 8-well strips each with antibodies for a specific kinase. At least two 8-well strips for any phosphokinase assay must be ordered on a plate, which enables up to 6 different assays to be included on any specific plate.

**Please select a set of analytes for your kit:**

(Each kit contains 1 plate with 12 analyte strips. Price per kit is \$695.)

Product	Catalogue Number	Qty
<b>Number of Kits with analytes listed below</b>	MKA001	
pAkt 1 Microwell Strips	MKA-ACMS-pAkt 1	
pAkt 2 Microwell Strips	MKA-ACMS-pAkt 2	
pErk Microwell Strips	MKA-ACMS-pErf 1	
pErk Microwell Strips	MKA-ACMS-pErf 2	
pGSK3a Microwell Strips	MKA-ACMS-pGSK3a	
pGSKb Microwell Strips	MKA-ACMS-pGSKb	
pMAPKp38a Microwell Strips	MKA-ACMS-pMAPKp38a	
CREB (pS133) Microwell Strips	MKA-ACMS-CREB	
beta-Catenin (DPS33/S37/T41) Microwell Strips	MKA-ACMS-bCat	
<b>Total number of strips (must equal 12, do not add number of kits from first box) =</b>		

**Note:** If you want to order more than kits with different analyte sets, you need to separately specify the set of analytes and number of kits for each different configuration.
